LOK SABHA

UNSTARRED QUESTION NO:4962
ANSWERED ON:16.12.2016
NHM Health Statistics Portal
Rathore Shri Hariom Singh

Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

Will the Minister of HEALTH AND FAMILY WELFARE be pleased to state:

(a) the status of implementation of National Health Mission (NHM) Health Statistics Portal;

(b) whether through this portal Government is able to capture the quality data completely on real-time basis; and

(c) if so, the details thereof?

Answer

ANSWER
THE MINISTER OF STATE IN THE MINISTRY OF HEALTH AND
FAMILY WELFARE
(SMT. ANUPRIYA PATEL)
(a) to (c): Health Management Information System (HMIS) is a web-based system under NHM that has been put in place by Ministry of Health and Family Welfare to monitor its health programmes and provide key inputs for policy formulation and interventions. At present, around 2 lakhs facilities, across all districts in the country are reporting facility wise data directly on HMIS portal.

HMIS captures service delivery data mostly for Reproductive and Child Health (RCH) indicators on monthly basis, infrastructure data on annual basis and training data of health officials on quarterly basis. For ensuring quality of data on HMIS portal, system for doing verification, comparison, validation, scrutiny, feedback exercise and inspection drill is in place and is also available for all States/UTs.
